LETTER OF SUPPORT: OKW Energy (Pty) Ltd/ Shell Downstream South Africa (Pty) Ltd

To whom it may concern:

This letter serves to confirm that OKW Energy (Pty)Ltd and Shell Downstream South Africa (Pty)Ltd has entered into a supply agreement for 3 years whereby Shell will supply OKW Energy with all of their liquid fuels requirement throughout the Shell depot network.

OKW Energy (Pty)Ltd as a 100% BWO Level 1 BBBEE fuel company will receive Shell's full support to develop them into a Shell Branded Distributor by the end of 2017. This means direct benefits to their customers including but not limited to access to Shell top tier products such as Shell Diesel Extra which has an additive package that can save you up to 3% on your fuel bill as compared to base diesel.

By buying from a Shell Branded Distributor is just about the same as buying directly from Shell as all the branded distributors commit to the same business principles with which Shell operates as well as the same HSSE values.

Should you have any further queries regarding this letter please feel free to contact me.

Yours faithfully
